Strengths

Teamwork

Developed positive teamwork skills from years of youth sports. Learned how to overcome obstacles with a group while a member of the Billings Senior Varsity Basketball team from 2017-2019.

Leadership

Attained quality experience and skills as a lead coach for Billings Senior Youth basketball camps. Organized drills and scrimmages during camp. Helped campers expand their basketball skills while also creating a positive camp environment.

Problem Solving

Involved in rigorous math and CS courses, high school through present day, which require/develop high level problem solving skills. Participated in Mathlete Exams in high school and developed a passion for analytical and mathematical problem solving. Also gained problem solving skills through high school basketball when faced with adversity during practices and games.
